ExecuTRACK expands in the US

New North American Headquarters

Orlando, September 20, 2005 – ExecuTRACK has just opened the doors to its new North American Headquarters in Orlando, Florida, which is 4 times the size of the previous office. The company currently has over 20 new customers, many of whom were acquired in the past year alone. It was necessary to expand the North American Headquarters to meet the demands of this sizable customer increase as well as the significant resource capacities needed for the upcoming year. ExecuTRACK currently operates offices in over 20 countries across Europe, Asia and the Americas.

Operating on a global scale, the ExecuTRACK Software Group develops and implements first-class and industry-independent software solutions for strategic Talent Management. Take advantage of our employees' 20+ years of experience and the superior functionality of our Web-based thin-client solution, ETWeb™ Enterprise. ETWeb™ – the successor of the ExecuTRACK Client/Server solution – is the best-of-breed solution for analyzing your human capital and managing a global talent pool. Because ETWeb™ is a 100% Web-based application, it is completely scaleable and integrates seamlessly into your existing IT infrastructure. It can be used both as a modular and as a standalone solution.
